

Howard County Sierra Club presents

HoCo Rise 4 Climate

at National Drive Electric Week

September 8, 2018 • 2-5 pm

Clarksville Commons • 12230 Clarksville Pike • Clarksville, MD 21029

With the devastating flood in Ellicott City and the deadly heat waves, forest fires and storms across the country and around the world, it's clear that the climate crisis is taking a toll already. We know what we need – clean energy, clean transportation, and a clean energy economy that provides jobs and justice for all, but they are not coming fast enough. On September 8, Howard County will join thousands around the world, to demand clean energy solutions now. We rise to save our generation, and future generations, to show our leaders solutions can't wait.

**SIERRA
CLUB**

**HoCo
Climate
Action**

Join us for:

- A bevy of great electric cars
- Local Environmental Groups
- Informative speakers
- Short movie clips
- Live music from a local musician
- Fun with a kids table and more!

National Drive Electric Week™

Together we'll create the widespread public support and the action needed for a fossil free future.
